

TECO DIAGNOSTICS
Clinical Specialists

2008-2009 Product Catalog

INTRODUCTION

Teco Diagnostics is a leading manufacturer of in vitro medical devices, instruments, and clinical laboratory equipment that offers the highest quality, innovative, and economical products to the clinical laboratory. With over 20 years of experience, we uphold our high standards through continual improvements that evolve from the very latest technology. Based in Anaheim, CA, our manufacturing facility is regulated by the Food & Drug Administration (FDA) therefore all phases of our production processes are based on strict Current Good Manufacturing Practices (cGMP) regulations. In addition, our ISO 13485 certification ensures our company meets the international standard for medical device Quality Management Systems.

Thus far, we have spanned the clinical testing continuum to offer an extensive selection of diagnostic testing for urinalysis, clinical chemistry, hematology, immunochemistry, serology, one-step testing, blood glucose, drug testing, blood grouping, and microbiology. Our extensive line of instrumentation and laboratory accessories, allows our products to be used as a complete diagnostic system that is reliable and easy to use. We are also proud to introduce the further expansion of our Animal Health Division which allows us to better serve the needs of the Veterinarian community.

Here at Teco Diagnostics, we believe in building solid, long-lasting relationships with our customers. Since our beginnings, we have made an effort to reach out and work closely with the international community. We proudly offer CE Marking for many of our products and already have established registration in many countries. For both our international and domestic customers, we are committed to providing exceptional customer service and believe in working together to help solve problems and completely meet all customer needs.

As we continually look into the future of Medical Diagnostics, we look forward to providing you with the most technologically advanced, easy to use and competitively priced products.

Thank you for your interest in our company. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dr. KC Chen'.

Dr. KC Chen

URINALYSIS

Teco Diagnostics is excited to introduce our complete line of quality urinalysis. We take pride in being able to offer a multidimensional list of urinalysis products, starting with our world renowned Urine Reagent Strips (URS), which now include our newest addition, the Clichek 10. A variation of our normal urine strip, the Clichek 10 is equivalent to the Roche Chemstrip® (similar in dimensions and characteristics) and offers end users a comparable substitute. Another great addition to our URS line is the Micro-Albumin reagent strips. They allow our customers to test the ratio of Micro-Albumin and Creatinine in urine samples in order to detect early stages of kidney damage, usually due to diabetes or hypertension. For our customers' convenience, we offer semi-automated and automated urine strip readers like the TC-101 and TC-720PLUS, which is now available with a touch screen. We bring our product line full circle with our US-4000 Urine Sedimentation Analyzer, which complements our strips and readers. This serves as a great confirmation method for preliminary results and makes our product line complete and fail-safe.

URC-60-I	High Abnormal	4x15 mL
URC-60-II	Midrange	4x15 mL
URC-60-III	Negative	4x15 mL

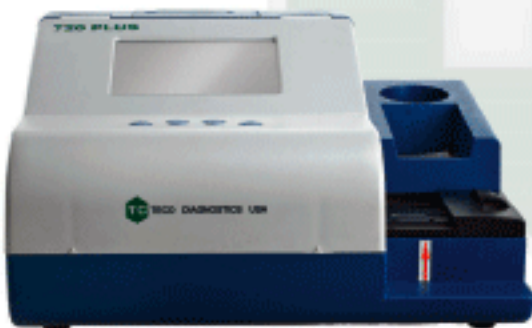

URINE STRIP READERS

Teco Diagnostics offers two types of urine strip readers, the semi-automated TC-101 and the automated TC-720 PLUS. The TC-101 is Cliawaived making it ideal for any physician's office or small lab, while the TC-720 PLUS is fully automated and is ideal for medium to large laboratories. We also offer the US-4000, an automated urine sedimentation analyzer.

TC-101

- 60 tests per hour
- 1000 test memory capacity
- Cliawaived
- Vet capable
- Compact space saving and light weight design
- Compatible with 110/220 voltage sources

TC-720 PLUS

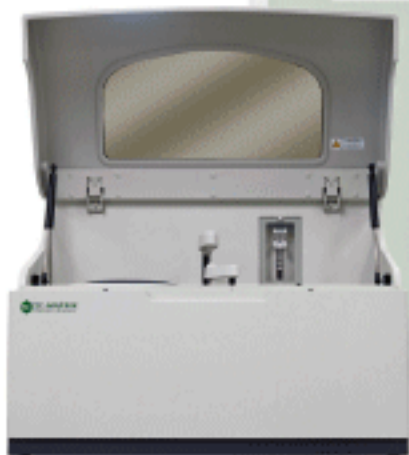

- 500 tests per hour
- 2000 test memory capacity
- Touch screen
- PC interface
- Vet capable
- Compatible with 110/220 voltage sources

CLINICAL CHEMISTRY

Teco Diagnostics is proud to manufacture a complete line of liquid and powder Clinical Chemistry Reagents, available in a variety of methods such as Kinetic and Color End Point. Our reagents are complemented with Teco Diagnostics' calibrators and controls. We make things easy by offering all our reagents in Teco, Generic, and OEM packaging. Alongside our general chemistry we manufacture a complete line of bar-coded reagents for the Beckman CX® and LX® series of analyzers. In order to convenience our customers further, we offer a number of chemistry instruments and analyzers. Our fully automated chemistry analyzers, the TC-Matrix and TC-Labsis, are both available with a full line of reagents, making Teco Diagnostics your complete stop for chemistry distribution.

* Teco Diagnostics also provides bulk Hematology Reagents for the following instruments:

COULTER: model MAXM, STKS, STLS

SYSMEX: model KX-21

SYSMEX: model K-800, K-1000, K4500

ROCHE ABX

COAGULATION

Teco Diagnostics manufactures a great line of high quality, high sensitivity Coagulation reagents that are perfect for use on any manual coagulation analyzer and have the ability to be adapted for most automated coagulation analyzers available in today's market. We also offer the TC-4500, our manual coagulation analyzer that is cost effective and comes ready for use with all our coagulation solutions.

TC-4500	Coagulation Analyzer

SEROLOGY

Teco Diagnostics' simple, fast and efficient serology tests yield fast qualitative or semi-quantitative determination of specific proteins or antibodies in human serum. Results are easily interpreted by the presence or absence of agglutination. All necessary components are included in the kits. Serology tests are available in both kit and a variety of bulk formats.

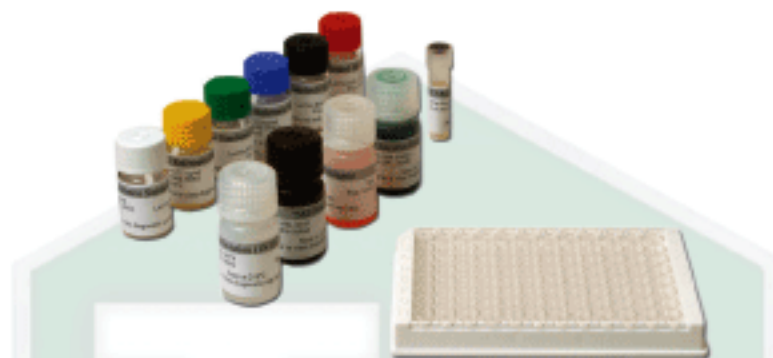

- Dependable and easy-to-use
- Qualitative and Semi-Quantitative results
- Efficient and effective

IMMUNOCHEMISTRY

Teco Diagnostics' line of Elisa (Enzyme-Linked Immunosorbent Assay) provides an accurate solution for quantitative measurements of various hormones and diagnostic markers in human serum (Thyroid Gland Function, Steroids, Fertility, Hormones, and Tumor Markers). Each consists of reagent, standards, and a 96-well antibody/antigen plate. Our numerous Elisa tests are great for use with Teco Diagnostics TC series of Elisa instruments, which are perfect for any laboratory.

TC-98	ELISA Strip Reader

RAPID TESTS

Teco Diagnostics' rapid tests refer to a variety of card and dipstick tests used to quickly and qualitatively determine the presence of a given substance in a sample. These tests are easily interpreted by the presence or absence of a color band in a test zone. Each test contains a built-in control line for added quality assurance. Rapid tests are useful in the testing of fertility, tumor markers, cardiac markers, infectious diseases, drug adulteration and alcohol testing.

Fertility

Cat. #	Product/Methodology	Packaging
P594-A	hCG Pregnancy Urine Card Test	Individual
P595-A	hCG Pregnancy Urine Dipstick Test	Individual
P596-A	hCG Pregnancy Urine/Serum Card Test	Individual
P597-A	hCG Pregnancy Urine/Serum Dipstick Test	Individual
P602-A	hCG Pregnancy Urine Midstream	Individual
O800-A	LH Ovulation Dipstick	Individual
O710-A	LH Ovulation Card Test	Individual
M800-A	FSH Menopause Dipstick	Individual
M900-A	FSH Menopause Card Test	Individual

Tumor Markers

Cat. #	Product/Methodology	Packaging
A770-25	Alpha Fetoprotein Card Test (AFP)	25/kit
F735-25	Fecal Occult Blood Card Test (FOB)	25/kit
P715-25	Prostatic Specific Antigen Card Test (PSA)	25/kit
P715-25W	Prostatic Specific Antigen Card Test (PSA Whole Blood)	25/kit

RAPID TESTS

Cardiac Markers

Cat. #	Product/Methodology	Packaging
T825-A	Troponin I Card Test	Individual

Infectious Diseases

Cat. #	Product/Methodology	Packaging
H730-25	Helicobacter Pylori Card Test (Serum)	25/kit
H730-25W	Helicobacter Pylori Card Test (Whole Blood)	25/kit
M100-25*	Malaria Combo Card Test (Whole Blood)	25/kit
M110-25*	Malaria Combo Dipstick Test (Whole Blood)	25/kit
E102-25*	Dengue Fever IgG IgM Card Test (Whole Blood)	25/kit
E112-25*	Dengue Fever IgG IgM Dipstick Test (Whole Blood)	25/kit
C900-25*	Chlamydia (Antigen) Card Test (Serum)	25/kit
S900-25*	Syphilis Card Test (Serum)	25/kit

* For export only

Drug Adulteration Tests

- Creatinine
- Specific Gravity
- pH
- Nitrite
- Glutaraldehyde
- Bleach
- Pyridinium Chlorochromate

Cat. #	Product/Methodology	Packaging
D700-25	Urinecheck 7 Drug Adulteration Test Strips	25 strips
A200-A	Alcohol Breath Balloon Test	Individual
D770-A	Alcohol Saliva Test	Individual

ANIMAL HEALTH DIVISION

At Teco Diagnostics, we have taken our expertise as a worldwide supplier of Reagent Strips and developed several new excellent products designed specifically for use in the diagnosis of animal health. The Vet-10 Reagent Strips utilize the same technology as our URS line, but detect values over different ranges more suitable for use in the veterinary field.

- Ascorbic Acid
- Urobilinogen
- Protein
- pH
- Specific Gravity
- Ketone
- Bilirubin
- Glucose
- Blood
- Nitrite
- Leukocytes

Tank-Guard effectively tests the water freshness and hard water

Tank Guard All-in-One Test Strips

- Nitrate
- Nitrite
- Hardness
- Alkalinity
- pH

Cat.

Product/Methodology

VET-9	Vet 9 Urine Reagent Strips
VET-10	Vet 10 Urine Reagent Strips
VET-BUN	Vet BUN Whole Blood Test Strips
VET-MUN	Vet BUN in Milk
SIN 1	Tank Guard 5 in 1

BLOOD GLUCOSE

Teco Diagnostics manufactures a variety of Blood Glucose products. Starting with the economical and easy to use Glucose Meter, which is light-weight and portable making it possible for the end user to test their blood sugar at their convenience. We also carry a full line of other blood glucose monitoring products including Gluco-Tek strips for use with Johnson and Johnson's OneTouch® Glucose Meter, and Gluco-Check® V strips, which allow for visual reading of blood glucose with a color chart.

Cat. #	Product/Methodology	Packaging
G851-A	Glucose Meter Kit	1 kit
G851-25	Glucose Strips	25 strips
G851-50	Glucose Strips	50 strips
G851-M	Glucose Meter	1 meter
G851-DL	Lancet Device	1 each
G851-L	Lancets	1 each
G850-25	Gluco-Tek®	25 strips
G850-50	Gluco-Tek®	50 strips
G800-25	Gluco-Check® V	25 strips

ELECTROLYTE ANALYZER

Teco Diagnostics' Electrolyte Analyzer is a next generation analyzer, which is based on our years of experience. Through our optimization and improvement, this instrument features a simple structure, reliable function, precise measurement, low/micro consumption, stable circulation, and directly and promptly testing whole blood, serum, and the ion concentration in urine diluted samples. It is the ideal diagnostic instrument for hospitals or medical institutions.

TC-1000

Cat. #	Product/Methodology	Packaging
TC-1000	Electrolyte Analyzer	1 unit
TC-1000CAL	Calibration Solution	500ml
TC-1000SLP	Slope Solution	250ml
TC-1000FIL	Electrode Internal Filling Solution	10ml
TC-1000PRS	Protein Removing Solution	10ml
TC-1000KCL	KCL Saturated Solution	10ml

LABORATORY EQUIPMENT

Teco Diagnostics offers high-precision, adjustable Lab-Mate Pipettes to measure and transfer liquids with ease and safety. Economical and ergonomically designed, Lab-Mate Pipettes provide stress-free pipetting for everyday laboratory use. Each Lab-Mate Pipette features an easy-to-use digital volume meter and can fit a selection of readily available tips. Lab-Mate Pipettes and Tips are offered in a variety of sizes to meet all your laboratory needs.

Cat. #	Product/Methodology	Packaging
LM-10	Lab-Mate Pipette (0.5-1 ul)	Individual
LM-20	Lab-Mate Pipette (2-20ul)	Individual
LM-100	Lab-Mate Pipette (10-100ul)	Individual
LM-200	Lab-Mate Pipette (20-200ul)	Individual
LM-1000	Lab-Mate Pipette (100-1000ul)	Individual

Monday - Friday

8:00 am - 4:30 pm PST

Product Specifications

Teco Diagnostics' products and reagents are supplied for in vitro diagnostic use only. They are not intended to be used as drugs, food additives, cosmetic, household chemicals, agricultural, or pesticidal products. All Teco's products and reagents are warranted until the date of expiration marked on the packaging.

Pricing

We encourage you to contact our Customer Service Department if you require current pricing information prior to placing an order. Inquiries are also invited for bulk purchases and OEM orders; however, because these inquiries require special, individualized attention, a written fax or email transmission is requested.

Product Changes

All product specifications, including prices and packaging sizes, are subject to change without notice. Teco Diagnostics reserves the right to amend prices or to discontinue products or sizes without prior notification.

Ordering Information

To more efficiently process your order, please include the following information:

- Complete shipping address
- Complete billing address
- Purchase order number
- Correct catalog number and product name
- Any special shipping and packaging instructions

For prompt service and delivery, we request that orders be placed by fax to the following number: (714) 693-3838 or by e-mail to your sales representative. To prevent duplication, all purchase orders must be followed by written confirmation. No verbal orders accepted.

Delivery

Shipment of orders will occur within three to four weeks after payment has been received. In the event that an order specifies an item that is not regularly stocked, a partial shipment will be made without prior authorization unless otherwise instructed.

Payment Details

All orders are prepaid unless prior credit arrangements have been made. All orders are F.O.B. from our headquarters in Anaheim, CA. Freight charges and insurance charges are the responsibility of the customer. Prices are subject to change without prior notice. Payments can be made via letter of credit, wire transfer, bank draft, or credit card. We accept Master-Card and Visa.

Our Products

We sell our products through authorized distributors in over 100 countries worldwide.
